Student feedback mechanism on Institutional Governance/faculty performance

A regular feedback is taken from all students, while advising them 'not to disclose their identity', for a fair assessment of any weak points in the system and weak and strong points of each individual teacher, with the end-mission to upgrade and improve the knowledge-transfer process/ methodology of each faculty, as far as possible. Principal himself takes students into his confidence from each and every class and strata and secures appraisal of the performance of each and every faculty member. Based on this feed back and appraisal, Principal counsels each individual faculty member, regarding his/her weak points / short-comings in order to make him/her overcome their short-comings and become more efficient and effective teacher for the subsequent year.

10	<p>Grievance redressal mechanism for faculty, staff and students</p> <p>Students: Students grievances committee consists of Principal, teacher in-charge and lady teacher who look after the complaints of the students. Grievances committee in turn either counsel them as how to overcome their difficulties/ or, meets the concerned authorities to redress their problems.</p> <p>Staff: Principal holds regular meetings with the staff where he aims to know if there is any general difficulty / problem faced by the staff and to redress the same at the appropriate level. The system is otherwise very liberal, and any staff / student who so ever has any difficulty, can freely approach the Administration, and if found genuine grievance is immediately got redressed form the management.</p>
